UK Legislation is issued to make all owners, shareholders, stakeholders, managers, employers and employees of a company based and trading within the UK aware of their Legal obligations, therefore a Legal Register is as important to a sole proprietor as a major organisation, in fact it's important to everyone who engages in business within the UK.

Can I print out my Legal Register?

Yes, in either PDF or Word format.

Will my details be stored?

Yes, but only so that subsequent Registers can be printed using your stored profile. Your details are securely held by Simplifi and are not shared with anyone.

How often will I be able to print a Register?

You will be able to print a Legal Register as often as you need.

Each time you print your Legal Register, because your profile is stored within Simplifi, it will have automatically been updated with any relevant new or amended legislation.
